

TWO PROGRAMS. ONE MISSION.

ABOUT US

CASA for Children and the Texarkana Children's Advocacy Center (TCAC) have provided critical services to children and families impacted by abuse or neglect in Greater Texarkana for over 30 years. While these sister programs vary in service delivery, they share the same mission - hope, healing, and justice.

OUR MISSION

Our mission is to provide hope, healing, and justice to children and families victimized by abuse or neglect.

OUR IMPACT

In 2023, CASA and TCAC served 1,073 children and 633 supportive family members.

OUR PROGRAMS

CASA for Children

CASA for Children (Court Appointed Special Advocates) recruits, trains, and empowers volunteers to advocate on behalf of abused and neglected children in foster care. CASA Volunteer Advocates are appointed by a judge to speak up for a child's best interest in court. Many times, a CASA is the only constant on a child's journey through the welfare system.

Texarkana Children's Advocacy Center (TCAC)

The TCAC facilitates a Multidisciplinary Team (MDT) Response to child abuse investigations and are first responders to most cases of sexual abuse, severe physical abuse, and violent crime experienced or witnessed by a child. The Center provides forensic services for our MDT partners in law enforcement and child protective services and provides families with critical support and services needed to heal.

- The TCAC coordinates a Multidisciplinary Team (MDT) comprised of highly-trained child abuse professionals, working in collaboration throughout child abuse investigations to ensure an effective response to reports of child abuse and neglect in our community.
